

IMPACT 130

THE MOST POPULAR LIFTER FOR ANY JOB

CUSTOMIZED AND LOTS OF TOOLS

Impact 130 is a powerful lifter that lifts, moves and handles loads weighing up to 130 kg. The model is Hovmand's most widely used model, as it can solve a huge quantity of lifting jobs.

The lifter has overload protection, safety clutch and soft start for easy handling. For special loads or specific requirements the lifting tools can be developed for the job.

The Impact 130 can be customized to your needs with five mast heights combined with leg types in different lengths and various wheel options. The extensive range of lifting tools is available in many sizes and materials.
